ASSEMBLY PROCEDURES

All students are expected to attend assemblies.

Students are not allowed to leave the building during the assemblies.

Violations will result in a student losing all assembly privileges and being kept in the office during each assembly.

Assemblies will be scheduled during different class periods throughout the year. A few assemblies will run over one class period.

Any group or activity must request a date and time for an assembly through the Principal's office.

This should be done one month in advance and the date will be placed on the monthly calendar.

When an assembly is planned for a particular period, all students will be called over the P.A. to the gymnasium or auditorium. They will report from their respective classes. For the purpose of order, we will ask the following classes to sit in the following sections:

Freshmen – middle back section facing stage

Sophomore – right side section facing stage

Juniors – left section front facing stage

Seniors – middle section front facing stage

The Principal will introduce and dismiss high school assembly programs. Assembly dismissals will be orderly. If any student is loud or acts in a disrespectful manner during an assembly, he/she will be dismissed immediately from the assembly and placed in the office. He/she may lose assembly privileges for the remainder of the year.

Students will be called to the auditorium by class starting with seniors first.

Faculty members will be assigned to the three auditorium sections for the purpose of supervision.

TITLE IX SECTION 504 DECLARATION

The Cooperstown Central School district does not discriminate on the basis of sex, race, color, national origin, or handicap. Grievance procedures which provide for the prompt and equitable resolution of complaints alleging discrimination based upon sex or handicap and appropriate forms for filing such grievances are available in the Superintendent's office. This declaration refers to and includes all vocational education opportunities.

The Title IX/Section 504 Compliance Officer is Ms. Donna Lucy, Secondary Principal, Cooperstown High School; 39 Linden Ave., Cooperstown, NY, 607--547--8181. This official will provide information, including complaint procedures to any student who feels that his or her rights, under Title IX or Section 504, may have been violated by the District or its officials.

SEXUAL HARASSMENT

The Board of Education of the Cooperstown Central School district believes that its employees, students, and others associated with our District have the absolute right to be free from sexual harassment at all times while performing duties on behalf of the District. This freedom is an inherent part of each employee's and student's civil rights.

Sexual harassment is defined as including “unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when:

1. submission to such conduct is made either explicitly or implicitly a term or condition of an individual’s employment or education,
2. submission to or rejection of such conduct by an individual is used as the basis for academic or employment decisions affecting such individual, or
3. such conduct has the purpose or effect of unreasonably interfering with an individual’s academic or professional performance or creating an intimidating, hostile, or offensive working or educational environment.

Any action, behavior, words or overt attitude as described above or which might otherwise be reasonably regarded as sexual harassment is strictly prohibited. Any employee, student or other person associated with the District who feels that he or she has been subjected to any activity as described above should report the incident immediately to the Title VI/Title IX Section 504 Coordinator* for investigation and action. In the case of a student, he/she may seek assistance in reporting the incident from another trusted individual. If the Title VI/Title IX/Section 504 Coordinator is involved in the activity, the violation should be reported immediately to the Superintendent of Schools for investigation and appropriate action. Any investigation will be conducted by both a male and female designated by the Superintendent. Complaints can be made without fear of reprisal, and all resulting investigations will be kept strictly confidential. In the absence of a victim’s complaint, the Board, upon learning of, or having reason to suspect the occurrence of any sexual harassment will ensure that an investigation is promptly commenced by appropriate individuals.

This policy shall be included in the Student and Faculty Handbooks and posted in appropriate places.

*The current Title VI/Title IX/Section 504 Coordinator is Ms. Donna Lucy, Secondary Principal.

NOON HOUR PROCEDURES

Cafeteria Procedure: Students should proceed to the main door of the kitchen (in the hallway at the left of auditorium) and go through the counter line for lunch, then to the cafeteria. No students are to enter the serving area of the cafeteria from the seating area side.

Cafeteria Conduct: This is, in essence, a dining hall and should be treated as such. Tables and floors are to be left clean and attractive. Socially unacceptable conduct will be addressed by the Principal.

After Lunch Provisions: Realizing a need for the opportunity for students to visit, the cafeteria will be available for this purpose. There is no off-campus lunch at CCS. Senior privileges allow students to sign out and eat outside, weather permitting.

Students are not allowed to sit in their cars or drive home for lunch. The parking lot is off limits during the school day, for any reason.

All afternoon BOCES students will leave for BOCES at 11:20 a.m. They will eat in the cafeteria. All morning BOCES students will eat from 11:52 p.m. – 12:03 p.m.

- This policy is in effect from 8:00 a.m. – 2:52 p.m.

- A car registration form must be completed by each student seeking a parking privilege.
- The form must be completely filled out and the information accurate and updated. Each time a student drives a different car, a new registration form must be completed.

- All of the above procedures apply to all motorized vehicles including motorcycles and motorbikes.
- Refer to the Code of Conduct for consequences if any of the above guidelines are not followed.

SENIOR PRIVILEGES

Throughout the year, the following privileges are granted to seniors only:

- Seniors will be the first class called to all appropriate assembly programs.
- Starting on the first Monday in September all seniors who have a study hall throughout the day will be excused from their study hall to report to the courtyard outside the cafeteria.
- Senior privileges will be in effect as weather permits. During the winter months, seniors will remain in study halls. In order to avoid confusion, the high school Principal will inform seniors and study hall monitors when seasonal changes will be made.

Seniors must report to their study halls at the beginning of each period and sign back in at the end of each period. Students must adhere to our bell schedule. Tardiness at either end of the period is not acceptable. Violations of this policy will result in loss of privilege, as follows:

- 1st violation – warning;
- 2nd violation – loss of privilege.

Seniors must remain in the senior privilege assigned area (cafeteria courtyard only). Failure to observe these guidelines will result in the following:

- 1st violation – warning;
- 2nd violation – loss of privilege.

Seniors who are on the failing list for any reason are not extended this privilege. This includes all failing lists generated by the interim reports. Five and ten week failure lists are applicable. It is the responsibility of the study hall monitor to check failure lists and enforce this provision.

Senior behavior, while outside, must be socially acceptable, and comply with school rules. If not, the principal will revoke the privilege. For example: Classes in session must not be disturbed.

- 1st violation – warning;
- 2nd violation – loss of privilege for the entire year.

Senior lunch privilege allows students to sign out to the courtyard or pit area.

In order for graduating seniors to be selected as commencement speakers, they must have completed their final three years of high school at Cooperstown Central School.

SENIOR TRIP ELIGIBILITY

CLUBS

If you are interested in joining a particular club or finding out more about the club, please consult the advisor as soon as possible.

- Clubs are encouraged to meet after school and can have special meetings during lunch hours with prior approval from the Principal.
- During the year, each class will be allowed to meet once during a class/lunch period to plan fund raising activities. Most other class meetings must fit into the after school schedule.
- Any fund raising activity must be submitted to the High School Student Council to determine whether any conflicts exist. It will then need to be approved by the Principal.

HIGH SCHOOL STUDENT COUNCIL

The Student Council represents the official governing body of the students and is their most important extra---curricular activity. It will act in close conjunction with the Principal's office and is vested with the following powers:

- To present awards
- To investigate matters of concern to the student body
- To organize elections within the school
- To appoint standing committees

Any senior high school student wishing to run for a Student Council office must have his/her election speech written and approved by the High School Principal one week prior to the scheduled election. If this procedure is not adhered to, the student involved will not be allowed to run for office.

SUNDAY ACTIVITIES

Sunday building activities are prohibited. Only with special considerations and by appeal to the Superintendent, will this prohibition be over ruled.

RUNNING IN THE HALLS

All running or jogging in the corridors must be approved by the High School Principal and Athletic Director. This procedure is in effect for the whole school year and applies to any extra-curricular activity or athletic program that requires this type of activity.

ACCIDENTS AND SCHOOL INSURANCE

Any accident should be reported immediately to the nurse or an administrator or teacher. Any accident reported later than 30 days will not be covered under the school insurance program. The school district provides insurance for members of our student body who are injured while participating in school activities. It is important for parents to know the extent of this coverage.

When a student is injured, the first step is for the parents' insurance company to pay the bill. If there is a balance, the school insurance policy may or may not pay the remaining amount of the bill. It is highly probable that it may have to be paid directly by the parent. School insurance does not pay the full amount of every bill, nor is it intended to do so.

LOCKER ROOM SECURITY

All students involved in an interscholastic sport and/or physical education have access to a locked individual locker. All personal valuables must be locked inside at all times. The school maintains no responsibility for damaged or stolen valuables.

STUDENT RESPONSIBILITIES AT AWAY AND HOME ATHLETIC CONTESTS

There will be no smoking or drinking at any home or away athletic contests during the school year.

Tobacco and alcohol are forbidden on school property. Also, good conduct is expected of all students during all athletic contests. Disruptive behavior and/or poor sportsmanship toward referees and opposing teams, coaches and fans will not be tolerated. Violators will be removed and prohibited from attending further activities during the school year.

Refreshments will be served at home basketball games. We will be requesting that all students and parents help us in keeping our gym and lobby area free of litter and paper. In order to do this effectively, we are requesting that all refreshments be consumed in the lobby where they are purchased. No food or drink will be allowed in the gym.

Also, the following procedures are in force for students who attend away school activities on a school bus:

- During away activities, our students are not to leave the school building in which the activity is being conducted.
- All students who ride a school bus to an activity will return to our school on the bus. Exceptions may be considered by the faculty chaperone only. Only parents can take their children from an away activity if that child rode a bus to the activity
- No food or drinks are to be brought into a visiting school's building.

- No abusive or profane language is to be used while attending an activity.
- No fighting or physical contact is allowed.

FIRE DRILLS AND LOCKDOWNS

New York State Law requires that a certain number of fire drills lockdowns be held during the school year. The purpose of such drills is obvious and your cooperation is greatly desired. It is not the function of these drills to see how rapidly the building can be emptied, but rather to become proficient in emptying the building quietly and efficiently under simulated fire conditions. Specific fire drill and lockdown instructions are not contained in this handbook; they will be reviewed the first day of school with your homeroom and classroom teachers. Thereafter, a complete copy of the regulations will be posted on each classroom bulletin board.

BUS REGULATIONS

- Be careful in approaching bus stops; walk on left toward oncoming traffic; cross the road only after bus driver has signaled that it is safe to do so.
- Be on time for your bus. Help keep the bus on schedule. The driver cannot wait for a late arrival and still maintain his schedule.
- Reach assigned seat in bus without disturbing or crowding other pupils. Please remain seated while the bus is moving.
- Obey the driver promptly and cheerfully; realize that he/she has a big responsibility and that it is the duty of everyone to help. The driver is in charge of the bus, just as a teacher is in charge of the classroom.
- Help keep the bus clean and sanitary. Throwing food, paper and refuse on the floor or out the window is a bad habit. Please do not do it.
- Remember that loud talking or laughing or unnecessary confusion diverts the attention of the driver and may result in a serious accident.
- Keep head, arms and hands inside the bus at all times. Windows are for light and ventilation.
- Be courteous to fellow pupils and bus driver. Remember we are all working together for safety.
- Treat bus equipment as you would valuable furniture in your home. Damage to seats, etc., is often unnecessary and always costly.
- Remain seated until your bus stops to unload. Wait for signal from the driver then cross the road in front of the bus.
- Report immediately to your bus at dismissal. If you plan to ride on a different bus for either trip, report to the school office for permission. The school office will report this to your driver. All permission requests must be from the parent or guardian in writing and signed by the principal.
- When your bus arrives in the morning, you are expected to report to your homeroom immediately. If your bus is late, sign in at the front desk before going to your class.
- No student shall be allowed to leave or enter a bus at any stop except those that are established unless the bus driver is notified in writing by the principal. Such requests for permission must be presented in writing to the school office. These requests shall be kept on file in the school office. Parents or guardians may take their children from the bus by request in person at any designated bus stop. Bus drivers are prohibited from making stops except those established on their regular route.

- No bus will drop off any student at an unscheduled stop unless the student presents a signed parental note authorizing their child to get off at the unscheduled stop. If no note is presented all students will be dropped off at the High School where parents will be expected to pick them up. This procedure applies to all athletic and extracurricular trips.
- Please refer to the “Code of Conduct” for further bus regulations.

SCHOOL RULES PERTAINING TO USE OF BICYCLES ON SCHOOL PROPERTY

- Bicycles may be ridden to school during the appropriate seasons. Because of the danger, students are not to ride bicycles to school during the winter months.
- Any student in grades 7--12 may ride a bicycle to school. Bicycles do not have to be registered in the high school office.
- All bicycles must be parked in the bicycle rack. They are not to be parked in any other area on school property. Violations of this rule will result in loss of privilege to ride the bicycle to school.
- All bicycles, when parked at the bicycle rack, must be locked at all times. Student owners must provide the locks.
- Unauthorized use of a bicycle or part of a bicycle by anyone, except the owner, will result in the immediate suspension of the student involved. It is also strongly recommended that students not lend their bicycles to other students.
- All students taking a bicycle unit for Physical Education credit must wear an approved biking helmet in order to participate in the class activity.

PROCEDURE TO BE FOLLOWED IN DETERMINING A STUDENT'S GRADE LEVEL

For all students in grades 9--12, the chief factor in determining the student's grade level and homeroom placement will be his or her status in Social Studies and English courses. The following will apply:

- To be considered a freshman the student must be enrolled in Global History and Geography I and English 9.

- B. To be considered a sophomore the student must be enrolled in Global History and Geography II and English 10.
- C. To be considered a junior the student must be enrolled in U.S. History and Government and English 11.
- D. To be considered a Senior the student must be enrolled in Economics, Participation in Government and English 12.

REPORT CARDS

During this school year, we will utilize a computerized report card system. Report cards will be issued four times during the year at quarterly intervals. Every 5 weeks, progress reports will be given to all students to take home. Students need to have report card and progress report envelopes signed and returned to their first period teacher within 3 days. Parents are encouraged to contact the teacher by leaving a message in the main office or calling their individual guidance counselor at 547-- 5300 if, they have any questions or concerns about grades or report cards. Quarterly and final report card averages do not reflect a weighted G.P.A.

HONOR ROLL

High School students securing an 89.5% or higher average will earn placement on the honor roll.

RANK IN CLASS

Rank in class at Cooperstown High School is determined by using a cumulative numerical accounting of each student's final course averages from grade 9 to graduation (with the exception to high school classes taken in 8th grade). Class rank is computed at the end of semesters five through eight and all final averages are included.

ADD--DROP SLIPS

When adding or dropping a course, students must obtain a drop/ add form from their guidance counselor. The form must be signed by appropriate teachers, the student's counselor, parents, and the Principal, then the form must be returned to the counseling office to be kept on file.

The following procedure is used concerning dropping of courses:

1. Student schedule adjustments will be made in the spring of the previous school year.
2. Parents are advised not to write requests to "drop" courses. If such requests are submitted, they will not be honored. If an exceptional circumstance should arise, i.e., a serious illness or injury resulting in excessive absenteeism, or some other major problem, it will be addressed on an individual basis. Parents and students should first speak with the teacher of record.
3. If an exceptional factor occurs, the parent should call the High School Principal to arrange a meeting to evaluate the situation. Dropping subjects because of poor grades or personality differences are not acceptable as exceptional or extenuating reasons.

HALF---DAY AND WORKING STUDENTS

No senior high students are to leave the school building, unless they have arranged a working schedule or half---day schedule with the counseling office. Once a student has left the building for the day, they may not return. All students placed on a half---day schedule should sign out in the office before they leave. Any student leaving school temporarily (dentist, doctor, etc.) must sign out at the front desk and sign back in when they return. We must have a written permission slip from the parent at the time of sign---out. For students to go on a half---day schedule, they must be employed and present a written note from their employer and parents attesting to their employment. Final approval must be given by the principal.

PROCEDURES INVOLVING THE USE OF INDEPENDENT STUDY

1. Only juniors and seniors are eligible to apply for independent study.
2. Faculty members must initiate an application for one or more of their students to be given consideration for an independent study.
3. Final approval of an applicant will rest with a faculty committee composed of the following people: the applying student, High School Principal, Counselor, parent, and the teacher making application on behalf of a particular student.
4. An independent study, once approved, will count toward the student's six course requirement.
5. Students may be granted high school credit for their independent study.
6. The independent study contract will specify the days, each week that the student is assigned to a particular room and teacher. On days when the student is not assigned he/she will be scheduled into a study hall.
7. Application forms are to be prepared by a faculty member only, and submitted directly to the Counselor.

ADDITIONAL CLASSROOM REQUIREMENTS FOR 9---12 STUDENTS TAKING HIGH SCHOOL BAND FOR A UNIT OF CREDIT

1. Participation in the High School graduation band is to be considered a requirement of High School Band. Students not in attendance at this activity will receive a grade reduction if they are not legally excused by the High School Principal.
2. High school band members are required to participate as marching band students in the Memorial Day parade each year.

CRITERIA FOR ADMISSION INTO HIGH SCHOOL HONORS AND ADVANCED PLACEMENT COURSES

Any student who wishes to enroll in an Advanced Placement course (which includes: English Literature, U.S. History, European History, Calculus, Biology, Environmental Science and Studio Art) must meet specific pr-requisites for consideration. In developing a course list, the AP or Honors teacher will take into account the following criteria: class average, NWEA, or other standardized scores and a teacher recommendation.

Honors and Advanced Placement courses are designed for the student possessing advanced abilities in reading, writing, and analytical skills. In addition to the work of the course, students are also expected to complete a variety of independent academic exercises, including reading required texts, prior to the start of the school year. Highly self-motivated students with intellectual curiosity, creativity, initiative, and writing talent are encouraged to take Honors and Advanced Placement courses.

GRADING PROCEDURES

1. In grades, 9--12 a student's final grade will be the average of the four quarterly grades and a final grade which may be a final exam, portfolio, term paper, or project. The final grade for a semester course will be computed by doubling each of the quarter grades, adding the final exam, and dividing by five.
2. The Superintendent of Schools may delegate the High School Principal to grant waivers for local graduation requirements depending on the request. Regents diploma requirements cannot be waived by local authority.
3. The High School Principal has the authority to award partial credit when a student drops or changes a course. At the present time, a student may be granted $\frac{1}{4}$, $\frac{1}{2}$, or $\frac{3}{4}$ credit depending on the request and need. Only local partial credit may be granted. Each request for credit is weighed individually with involvement by the affected teacher or teachers and the counselor. A request for partial credit or a course change cannot be student initiated. This request must come from the faculty member involved.
4. The District will utilize a weighted grade point average for students taking courses at the grade 9--12 level.
5. Seniors who are on a half-day schedule maintain full eligibility for all of the major scholarship programs at the High School.
6. All students who are in an approved independent study program will be given a grade at the completion of the independent study. This grade will appear on all permanent records and will be computed as part of the student's G.P.A., if it is a numerical grade.
7. If a senior is given an incomplete, every effort is to be made to have a grade available within 3 weeks of the original incomplete so that the course affected has a computed grade for the senior's G.P.A. It is important that seniors not be given an incomplete unless it is absolutely necessary. The discretion to give or not to give still remains with the teacher upon the Principal's approval.

PRACTICES AND PROCEDURES FOR WEIGHTED GRADE POINT AVERAGE

The following constitute administrative practices and procedures for a Weighted Grade Point Average. College coursework may be weighted pending administrative review.

- A. Rationale:
 1. To reward students (through a weighted formula) and not penalize them when they enroll in Honors and Advanced Placement courses.
 2. To encourage more students to enroll in more rigorous and challenging programs and courses throughout their high school career.

- B. Utilization
- The weighted formula will be utilized for GPA and Class Rank as it applies to high school transcripts, eligibility for National Honor Society and high school graduation with honors.
- C. Weighting Formula
- The specific weightings (.25 and .30) were selected to insure that, once computed, no student's average will be above 100. (College admissions staffs have indicated that distorted averages are not viewed in a favorable manner).
- All A.P. courses on the approved list receive a weighting of .30.
 - English 9, 10, 11, and 12 Honors, Social Studies 9 Honors and Chemistry Honors receive a weighting of .25.
- D. Courses approved for special weighting:
The following high school courses are weighted accordingly:

Advanced Placement Courses weighted at .30:

English Literature
U.S. History
European History
Calculus
Biology
Environmental Science
Studio Art

Honors Courses weighed at .25:

English 9H
English 10H
English 11H
Honors College Prep (12)
Global History & Geography 9H
Chemistry H

- E. The following example illustrates how our weighting formula is applied:

Honors:

$$\frac{89 \text{ (student grade)} + 25}{125} \times 100 = 91.2 \text{ (Rounded to 91)} = 91$$

AP:

$$\frac{89 \text{ (student grade)} + 30}{130} \times 100 = 91.54 \text{ (Rounded to 92)} = 92$$

STUDENTS TAKING A REGENTS OUT OF SEQUENCE

Any students wishing to take a regents exam without first having completed the Regents course must first meet the following criteria:

1. A sound educational reason for this request must be presented to the teacher of record, department chair and the Principal. This request must be supported by the parent.
2. The student must complete the one year course of study in a particular course even though they have taken and passed the regents exam.

AWARDING OF HIGH SCHOOL CREDIT BY EXAM

(Challenge of a Regents Exam)

A student may earn graduation credits through credit-by-exam, a procedure set forth by the New York State Education Department. If it is believed a student will benefit academically by exercising this option, he or she must complete an alternative plan for meeting the course requirements, complete a major project that is approved by the teacher and department chair for the course considered, and earn a score of 85% or above on a state-developed or state approved examination. An interested student must be approved and submitted to the build principal for approval prior to beginning a credit-by-exam program. **Forms to challenge a course through an email are available in the Counseling Office. This form must b completed and submitted for approval.**

An approval must be granted no later than September to test for January exam, February to test for a June exam and April to test for an August Exam

Students at Cooperstown High School may receive high school credit through a specific exam process, if:

- based on the student's past academic performance, the Superintendent of the school district or the chief administrative officer of a registered nonpublic high school, or his or her designee, determines that the student will benefit academically by exercising this alternative;
- the student achieves a score of at least 85 percent, or its equivalent as determined by the commissioner, on a State---developed or State---approved assessment pursuant to section 100.2(f) of this Part;
(100.5 Diploma Requirements: Part 100 Regulations:EMSC:NYSED)
- the student passes an oral examination or successfully completes a special project to demonstrate proficiency, in such knowledge, skills and abilities normally developed in the course but not measured by the relevant Regents examination or State---approved examination if used, as determined by the Principal; and
- the student attends school, or received substantially equivalent instruction elsewhere, in accordance with section 3204(2) of the Education Law, until the age of 16, pursuant to sections 3204 and 3205 of the Education Law.

In addition, listed below are the requirements that students need to meet in order to be eligible.

1. Procedures for application:
 - a. The application process must be initiated by the student with help from the appropriate teacher or guidance counselor.
 - b. This credit option is meant to be applied to a few students in very specific situations.
 - c. One or more of the eligibility criteria must be met before a student may begin the application process.

- d. Final approval or disapproval will rest with the Superintendent of Schools or his/her designated official (i.e. High School Principal).
2. Eligibility Criteria:
A student applicant must meet one of these criteria before the application process may begin:
 - a. Transfer students from out-of-state who cannot meet New York State graduation requirements for either a local or Regents diploma.
 - b. Local students who cannot meet a local or Regents requirement due to an irresolvable scheduling conflict. A student must demonstrate an exceptional ability through past academic performance in a specific curricular area.
3. Requirements:
 - a. Score 85% or higher on a state developed or state-approved exam, and;
 - b. Pass an oral exam and/or successful completion of a special project to demonstrate his or her proficiency, and;
 - c. Be a student at Cooperstown Middle/High School who is enrolled on a full-time basis.

Under no circumstance, will more than 1 credit or the 3 credit option be considered per application. If a student wishes to apply for additional credit, he/she may do so by submitting an additional request. A student may be awarded a maximum of 6 ½ units of credit.

DIPLOMA AND GRADUATION REQUIREMENTS

1. All students must earn a Regents Diploma. However, some exceptions apply to Special Education students. During their four years of high school, students must earn a minimum of 25.5 credits and pass the following five Regents exams with a score of 65 or higher: Comprehensive English, U.S. History, Global History & Geography, Integrated Algebra, and a Science. From the 25.5 required credits, the following are required core courses by subject: English, 4, Social Studies, 4, Math, 3, Science, 3, Second Language, 1, Health, .5, Physical Education, 2, Fine Arts, 1, and Freshman Seminar.
2. Pleading ignorance of diploma requirements is inexcusable, as every student has access to this information every school day for four years. In addition, Counselors review this information annually with all students. It is the responsibility of the student to know their graduation requirements.
3. Please refer to our Programs of Study brochure or ask your counselor for a list of your graduation requirements.

ACCELERATED GRADUATION

The normal progression for a student to complete his/her high school program is four years. For most students, this is the most feasible arrangement considering the nature of adolescent growth and the academic requirements at each successive grade level. However, on occasion, when there are special circumstances, a student and his/her parents may feel that acceleration of graduation would be in the best interest of that student. In this event, the decision should be discussed with school authorities no later than the spring semester of the sophomore year.

The intent of the school administration's position on accelerated graduation is not meant to be suppressive, but rather, to attempt to assure that acceleration is in the best interest of the student.

CLARK SCHOLARSHIP INFORMATION

The selection of the two **Clark Scholars**, top award winners for the Clark Foundation Scholarships, is the prerogative of the Clark Foundation Scholarship Committee. The local school committee may make recommendations, but the final selection is made by the Clark Foundation.

Two students will be chosen, from among the top five academic averages in the class, to receive these awards. The Clark Foundation Scholarship Committee will consider, in addition to rank in class, a student's character, leadership, service to the community, and promise of successful college achievement. In addition, all other Clark Scholarship recipients will be announced at graduation.

OTHER SCHOLARSHIPS

Cooperstown Central School is fortunate to offer many other scholarships. The criteria, amounts, and deadlines vary. The information will be shared with students from the Principal and counseling offices.

WITHDRAWAL FROM SCHOOL

All students who withdraw from Cooperstown Central School will be required to fill out a withdrawal form and check out with their Counselor. Parental involvement and signatures are required.

NATIONAL HONOR SOCIETY

1. Membership in the NHS is an honor bestowed upon a student. Selection for membership is by the Faculty Council and is based upon outstanding scholarship, character, leadership, and service. Once selected, members have the responsibility to continue to demonstrate these qualities. Members who do not maintain these qualities may be subject to disciplinary action or even dismissal.
2. A student must maintain an overall average of at least 92.5 (weighted) in a program of study which leads to a Regents diploma. Transfer students must first complete two marking periods of study at CCS. Their grades at CCS must average at least 92.50. Their grades at CCS, when combined with those of their previous school, must also average a minimum of 92.50.
3. Students who are eligible scholastically will be notified and told that for further consideration for selection to the NHS they will need to complete the Student Activity Information form.
4. All members of the faculty and staff will be invited to provide input on the prospective candidates. However, no individual outside of the Faculty Council is permitted to vote in the selection process.
5. The Student Activity Information form will be reviewed by the Faculty Council, along with any other verifiable information about each candidate and his/her activities which define the candidate's leadership, service and character.
6. Candidates will be interviewed by members of the Faculty Council.
7. Selection: Candidates receiving a majority vote of the Faculty Council will be inducted into the CCS chapter of the NHS. The Faculty Council consists of five voting members appointed by the secondary principal. Selection to the NHS is a privilege, not a right. Students may not apply for membership in the NHS; instead, they provide information to be used by the Faculty Council to support their candidacy for membership.
8. Non selection: A candidate who is not selected by the Faculty Council will be informed of this in person by the NHS advisor. A letter will be sent home confirming this decision. The Faculty Council views non selection as a deferral with the hope that the candidate will work to improve in the specific areas of the selection criteria which were found lacking.
9. Only after any non--selected candidates are informed of the Faculty Council's decision will notification be given to those candidates who have been selected. A letter will be sent to the candidate's home address informing him/her and the parent/guardian of the good news. The time and date of the induction ceremony will be contained in the letter.
10. Since the Honor Society is a service organization, all members are required to participate in at least one individual service project during the school year.
